Crochet Tips

Body: Chain to cast on, working first row in bottom loops of chain. Work front piece in double crochet (US), changing colors as indicated in schematics. Make the top and bottom of the back in the same way. On back top piece, work one row of single crochet (US) along bottom of foundation row, working button loop as you go. For the back bottom piece, work four rows of double crochet, then one row of single crochet. Crochet side/bottom piece, then whipstitch first row and last row together, creating a loop. Being sure to align colors, seam front and side/bottom piece using buttonhole stitch. Seam back pieces (also using buttonhole stitch) to side/bottom piece as well, being sure to align according to symbols on schematics. Attach lens, shutter, flash, and buttons to designated locations.

Handle/strap: Version A: whipstitch around strap. Version B: work edging with 5.0mm hook.

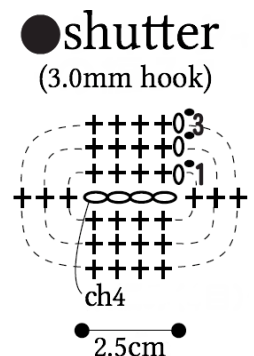

❖ See schematics for color sequence.
