Knitting Tips

Note: entire garment worked with 1 strand of Kirara and 2 strands of Cutie Mohair held together.
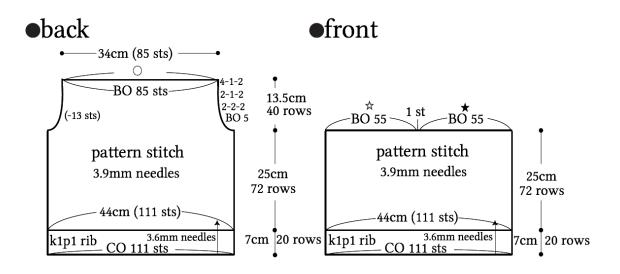

Front and back body: Cast on with long-tail cast-on method and knit in k1p1 ribbing followed by pattern stitch.
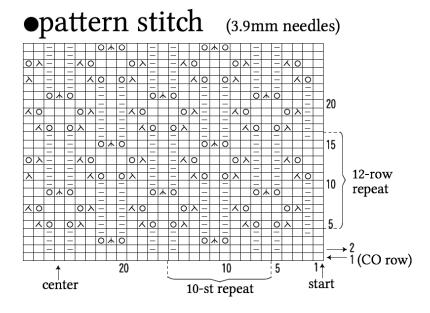

Yoke: Cast on with long-tail cast-on method and knit in pattern stitch. Increase according to schematics, knitting in short rows (use Japanese short row method for best results). On last row, while working short-row wraps together with stitches, decrease 32 stitches and bind off. Pick up stitches for left yoke from the cast-on row of right yoke; knit left yoke same as for right yoke but reversing shaping.

Finishing: Join sides with mattress stitch. Align front and back with yoke as shown using designated symbols; join with slip stitch. Work 1 round of single crochet (US) at cuffs and neckline. At center of front body, sc3tog 1 center st together with 1 st each from edge of left and right yokes.

Corsage: Chain to cast on and crochet according to schematics.
