Gauge

No gauge information is provided in the original pattern. Use hook size necessary to achieve a fabric solid enough that stuffing will not show through.

Finished measurements

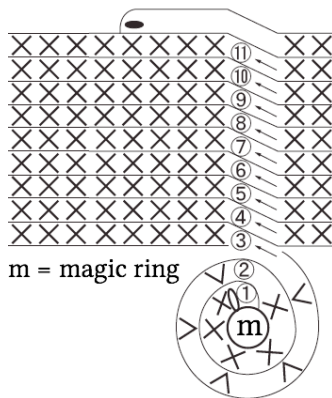

- height 19cm/7.48" (may vary depending on gauge and tightness of stuffing)

Crochet Tips

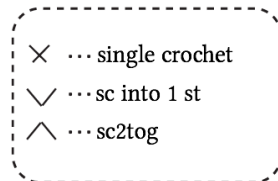

Create magic ring and crochet various parts in single crochet (US) according to schematics, increasing and decreasing as noted. After binding off, leave yarn tails for finishing. Use yarn tails to attach parts. For bride only, insert wire into ears and both hands, then fasten to head and body. Insert stuffing into head and torso, then seam various body parts together. With balance in mind, embroider nose and mouth and fasten eyes with craft glue. Sew fun fur to bride's body in order to fashion a dress; wrap two strands of pearl beads around her neck to make a necklace. Make a bouquet with felt flowers and leaves and sew to bride's hand. Sew felt flowers and colored buttons to base of bride's ears. For bridegroom, cut black felt into bowtie shape. Sew bowtie and a colored button to base of groom's neck.

Add stuffing

Only add stuffing to head and torso.

Both bride and groom: Form tips of wire into loops and insert one into each ear; attach wires to head. Inside head, tie wires together; stuff head with stuffing.

Bride only: Insert wire with tip formed into elongated loop into hand on one side; attach to body. Push wire through to base of arm on opposite side. Matching length of arm and cutting length of wire to fit, form tip into loop and pass through to opposite arm, attaching to body. Insert stuffing into body.
