Knitting Tips

Yoke: Cast on with long-tail cast-on method and work yoke in pattern stitch. After knitting 52 rows, separate for front and back yoke. At start of opening for neck, increase 1 stitch at each inner edge with backwards loop cast-on. Knit 68 rows, decreasing (with k2tog or ssk) at each inner edge. Continue knitting front and back yoke in one piece (forming left sleeve).

※Place markers on yoke where stitches for body should be picked up.

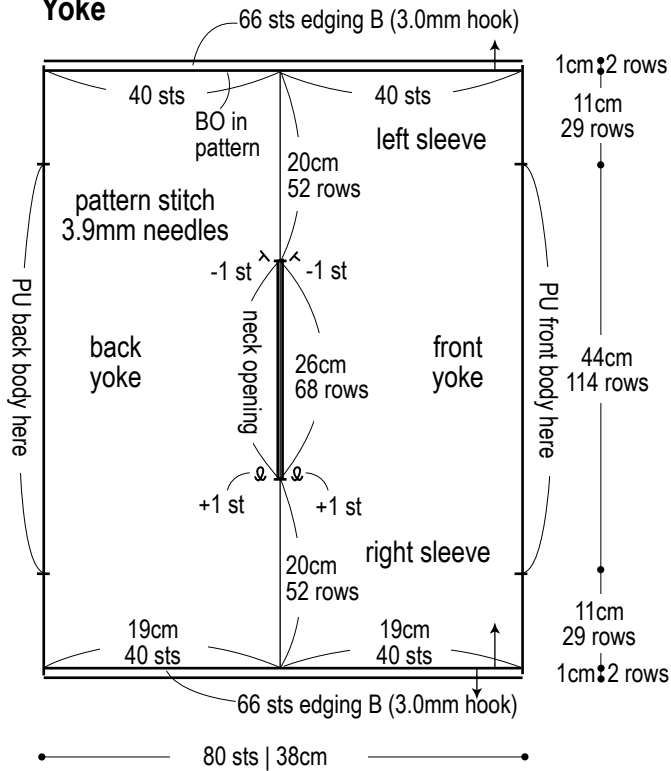

Front & back body: Pick up stitches from marked area of yoke and knit body.

Finishing: Crochet edging C in the round around neck opening of yoke. Seam sides and sleeve undersides with mattress stitch. Work edging A in the round along hem and edging B in the round along cuffs.
