Crochet Tips

※Work cord with 2 strands of yarn held together.

Body: Chain to begin, working first row into bottom loops of chain. Work 10 rows of ch4 net stitch. Using a piece of chain 19 chain stitches long (worked with a separate ball of yarn in advance for this purpose), work net stitches at front placket area into chain. Work ch5 net stitch in joined rounds, altering gauge as indicated by changing hook sizes. Continue, working pattern stitch in joined rounds, working evenly spaced decreases. Work edging in the round.

Finishing: Working into foundation chain at beginning, work collar and front placket edging in single crochet (US). Crochet 2 cords (each with 2 strands of yarn held together). Make and attach fringe to beginning end of each cord. Seam other end of each cord to body of poncho.

Abbreviations:

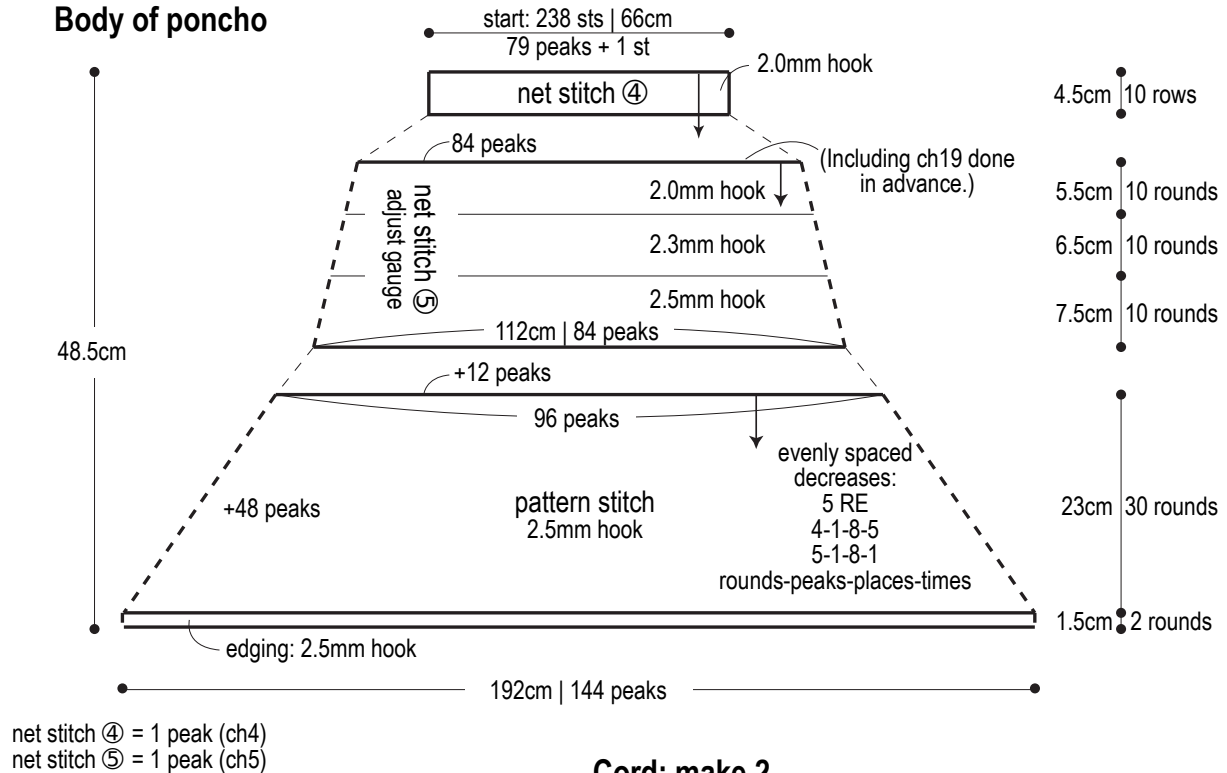

ch = chain

RE = rows even

sc = single crochet (US)

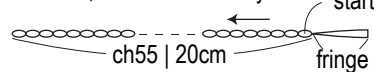

= rows-peaks-places-times (For example, 4-1-8-5 means "every 4 rows, decrease 1 peak in each of 8 places evenly spaced around; do this 5 times total." This means that on every decrease round, you decrease 8 peaks in all, and there will be 5 decrease rounds for this step.)
