### Motif instructions (3.0mm hook)

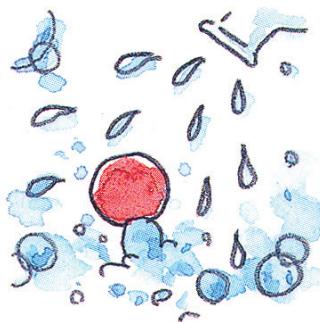

Use 2 strands of yarn.

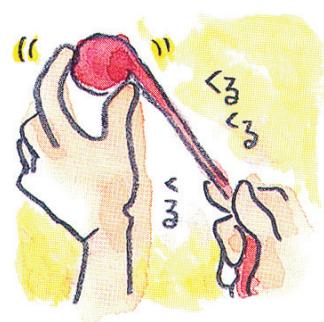

### Felt ball instructions

1. Tear a small piece of wool from the package and roll it into a ball.

2. Soak the ball in hot soapy water.

3. Roll the wool in the palm of your hand to get a nice, round shape. (You may wish to wear rubber gloves while doing this.) Continue until ball becomes felted (fullled). To smooth out a lumpy felt ball, pull on the ball to create a long tuft. Wrap this tuft around the outer surface of the ball and rub with soapy water. Continue until you have a nice round ball.
