Summary
Motifs: Work magic ring to begin, then ch1 as post and sc16 into ring. Change yarn color as indicated, referring to color sequence table. Make 2 identical motifs per pouch.

Frame attachment: Insert edges of motif into groove in frame as indicated in schematic. Secure in place temporarily by basting at center and on edge side (see schematic). Using the same color yarn used for round 7 of motif, split the plies apart. Use one ply as sewing thread to secure frame to motif with backstitch.

Finishing: After motifs are sewn to frame, seam the remaining sections of the two motifs together with whipstitch (with wrong sides facing each other).
