How to join motifs

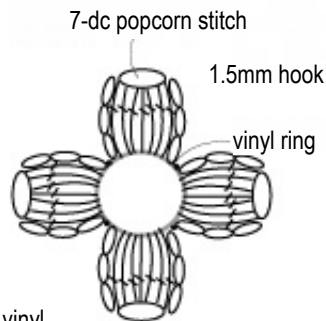

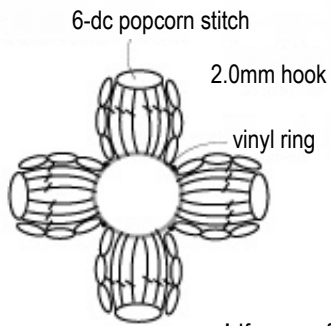

Popcorn motifs

① Use one 8mm vinyl ring for each popcorn motif. Leaving a tail approximately 10cm long, work 4 popcorn stitches into ring.

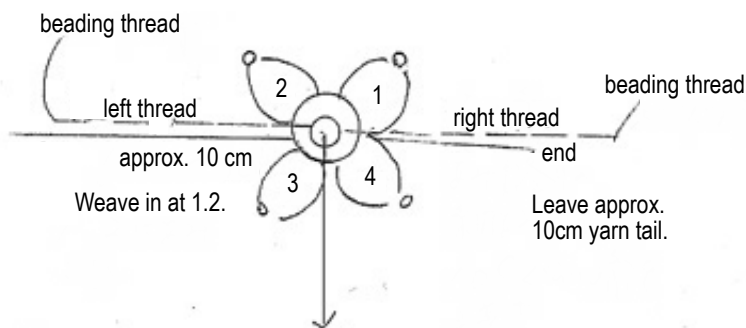

For chihuahua coat
(see pattern 210-59)

For toy poodle coat

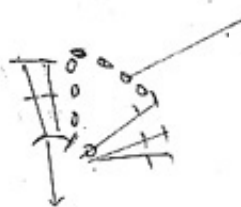

*If you prefer not to use vinyl rings, you may ch5 and join into the round instead.

③ Apply bead.

Thread bead. Leaving approx. 20cm at front, separate right and left sides of beading thread, then secure to motif.

④

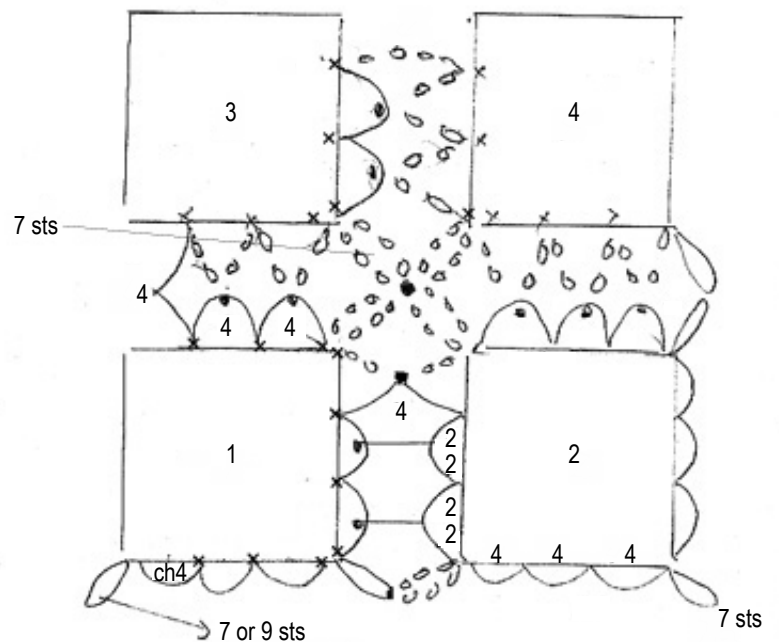

Corner instructions: ch1, then work 3 small hdc stitches into center.

Motif joining instructions

② Place 4 motifs next to each other as shown below.

Ch7 for motif 1 and ch4 for motifs 2-4, joining them to neighboring motifs with slip stitch.

For motifs 3 & 4, insert hook into 2 loops of base of slip stitch on motif 2 to ensure a smooth join. The central join (at the corners of all four motifs) should have 7 stitches across in each direction.

⑤ Relationship of yarn to hook: Always crochet loosely. Use one size smaller hook if needed.

For example, for the chihuahua coat, use 1.5mm hook for joining motifs despite using a larger needle for crocheting the motifs themselves.
