## Summary

Cast on with long-tail cast-on method and join into the round. Working from cuff downward, work k1p1 ribbing in the round, changing colors when indicated and working reinforcement thread together with yarn. Once ribbing is complete, work in stockinette stitch (without reinforcement thread). Place instep stitches on stitch holder and change color for heel. Work short row heel (back and forth in rows rather than in the round), referring to chart.

Once heel is finished, change yarn color again and transfer instep stitches back to needles. Resume working stockinette stitch in the round. Continue until heel decreases begin, then change color for toe area and begin decreases. Referring to chart, shape toe by working decreases in the round as indicated. Seam tip of toe with Kitchener stitch.
