## Summary

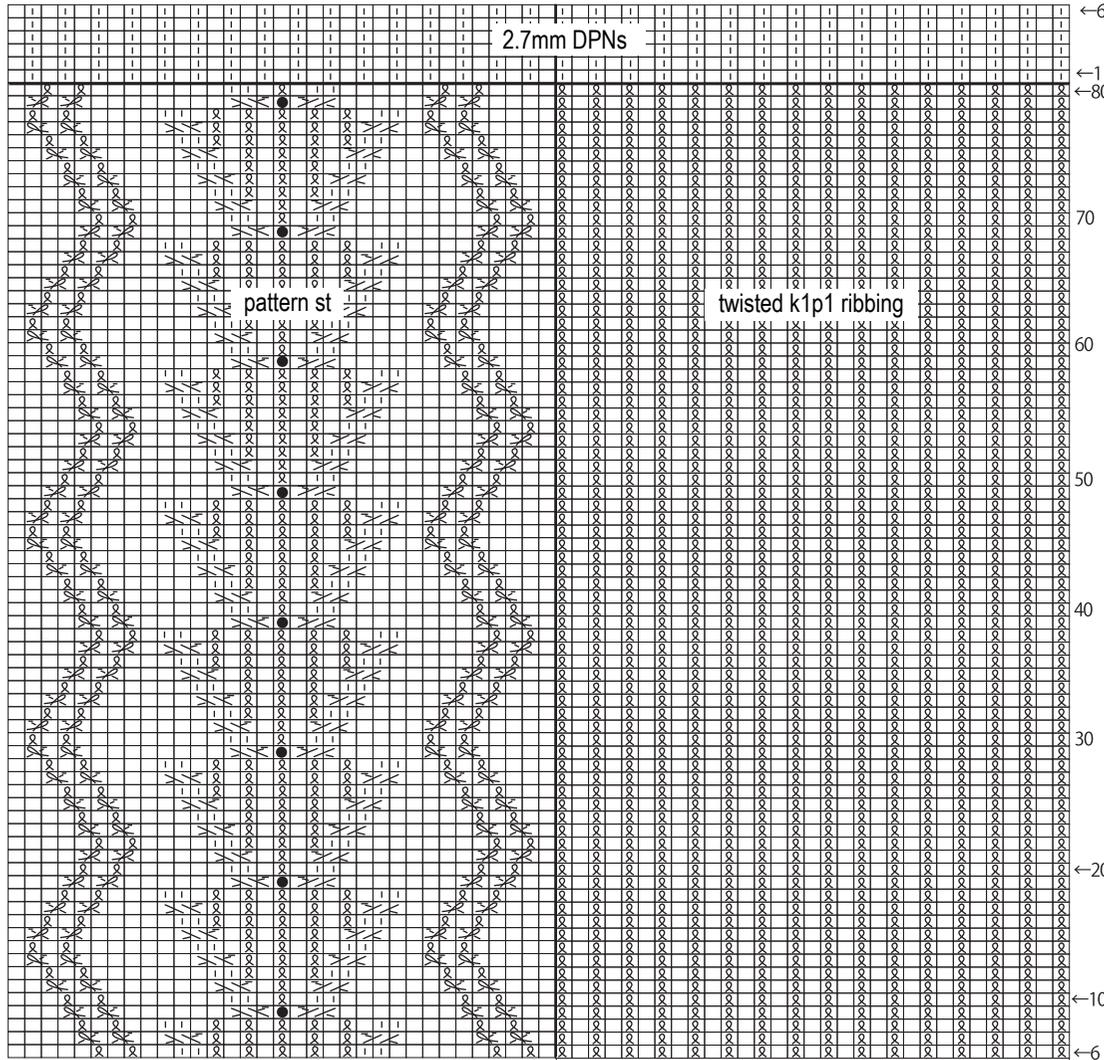

Cast on with long-tail cast-on method and join into the round. Working from base of toes upward, begin working twisted k1p1 ribbing and pattern stitch in the round. Place instep stitches on stitch holder and work heel from sole stitches. After heel is completed, return instep stitches to needles and resume working in the round. Work cuff in k1p1 ribbing, then bind off in the round. Pick up stitches from around cast-on edge at toe area; work tip of toe in stockinette stitch in the round, decreasing as indicated. Seam tip of toe with Kitchener stitch.
