Summary

Body (make 2): Cast on with long-tail cast-on method. Work hem in garter stitch, then continue as follows: work sides in stockinette stitch, but work center panel (19 sts) in pattern stitch. For increases in waist shaping, use lifted increases worked at right and left edges. Shape armscye by working fully fashioned decreases 6 stitches in from the edge, working the first 5 stitches from the edge in k1p1 ribbing (refer to schematic and chart). Shape shoulders with short rows, being sure to work collar and each shoulder separately.

Finishing: Seam shoulders with three-needle bind-off method. Pick up stitches along front and back neckline, and work lifted increases at sides of neck where shown. Work last two rounds in garter stitch. Bind off. Seam sides with mattress stitch.
