Summary

✿**Note:** sock is designed to have some negative ease given that it will stretch when worn.

Cast on with long-tail cast-on method and join into the round. Working from the top down, work k1p1 ribbing in the round. Then continue in twisted k1p1 ribbing and pattern stitch for 24 rounds. Place instep stitches on stitch holder and work heel using sole stitches only. After heel is completed, return instep stitches to needles. Work heel in stockinette stitch. Continue working with all stitches, working sole stitches in stockinette stitch and instep stitches in pattern stitch. Work toe in stockinette, working decreases as indicated. Finish toe by grafting last remaining stitches together using Kitchener stitch.
