Summary

✳️**Note 1:** Like all Japanese patterns, stitch counts given here for foundation chains do not include any chain sts needed for turning posts.

✳️**Note 2:** Bag is worked with 1 strand of Kuchen. Pom-pom is worked with 1 strand of Kuchen and 2 strands of Nimes M (3 strands total).

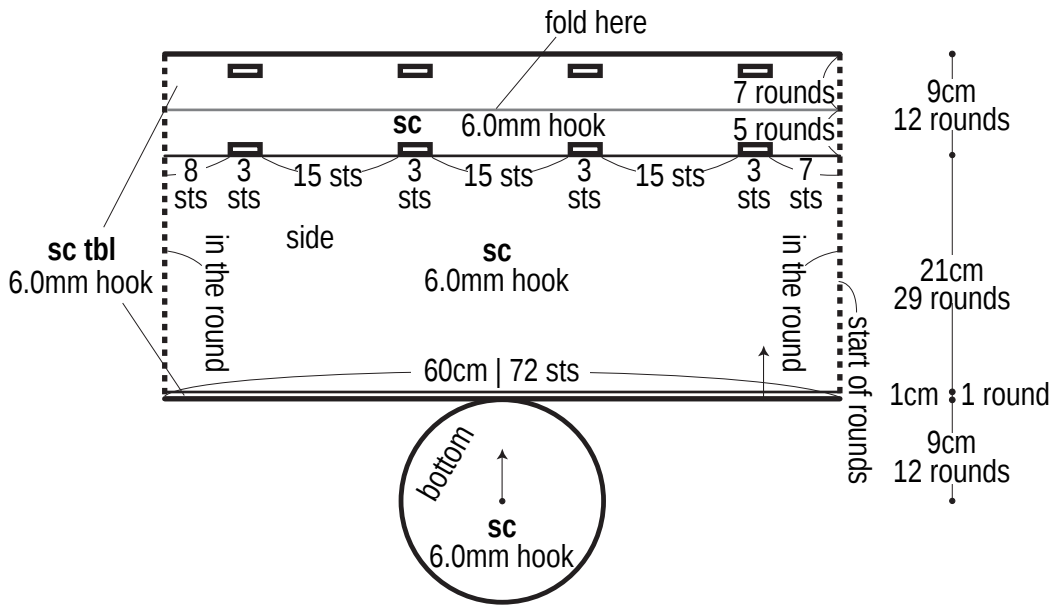

Bag: Work magic ring to begin, then work bottom in sc in the round, increasing as indicated. Continue to sides. Following schematic and chart, work sides in sc and sc tbl in the round. Create holes (for attaching the handles) as indicated.

Finishing: Fold top of bag (see fold line indicated on schematic), aligning holes so that handles can be attached. Thread handles through holes and fasten in place. Make pom-pom, attach it to keychain hardware, and fasten to bag.
